Subject Index to Volume 22

A

Accuracy, OECD and IMF projections, 61
Adjustment policies, effect on macroeconomic performance in Pakistan, 117
Africa, effect of macropolicy reform on poverty, 753
Agriculture
  CGE model for policy analysis in the Philippines, 589
  European Union, Common Agricultural Policy (CAP), implications of eastern enlargement, 661
  relation with industrial sector, in India, 533
Allocative disturbances, VECM analysis, effect of in Italian labor market, 777
Asymmetric monetary policy, Taiwan data, 197

B

Barro, neoclassical model, Italian interest rates, 149
Brazil, Collor Plan to stabilize inflation, 417
Burley tobacco, strategic behavior in international market, 139

C

Cameroon, effect of macropolicy reform on incomes of the poor, 753
Capital flows, Tobin tax and other controls, 391
China, environmental policy analysis, CGE modeling, 453
Cities, modeling dynamics of street gang growth, 1
Cointegration, wage setting, taxes, and labor demand in Greece, 171
Collor Plan to stabilize inflation in Brazil, 417
Community Support Framework (CSF), effects of on economy of Greece, 611
Companion matrix, wage setting, taxes, and labor demand in Greece, 171
Computable general-equilibrium (CGE) modeling
  effect of macroeconomic adjustment on poverty in sub-Saharan Africa, 753
  effects of carbon tax on economy of Norway, 719
  effects of MERCOSUR in Latin America, 557
  environmental policy analysis in China, 453
  policy analysis in an agrarian economy (the Philippines), 589
  scenarios for European Union eastern enlargement, Common Agricultural Policy, 661
  use of nuclear-generated power in Lithuania, 691
Consumption, and earnings, of laborers in India, 255
Currency (*see also* euro)
  argument for a single worldwide, 281
  volatility, causes and cures, 281
Currency exchange rate
  euro, 355, 369, 407
  fixed system, advocated, 281
  Tobin tax, 391
  volatility, 281, 369

D

Dornbusch model, monetary dynamics, 99

E

Economic development funds, comparative analysis at U.S. nuclear weapons sites, 801
Economic growth, modeling investment behavior during, in Korea, 43
Elasticities
  long-run, of Japanese import demand, 625
  of substitution, energy-capital-labor substitution implications for CO_2 abatement in Germany, 641

political effects and potential conflicts, 345, 379
review of first year, 325, 345, 355, 407
and the yen, 369, 407
European Central Bank (ECB)
objectives and tasks, 325
review of first year of operation of, 325, 345, 355
European financial markets, effect of euro on, 345, 355
European Monetary Union (EMU), political economy outlook, 379
European Union
agriculture, Common Agricultural Policy (CAP), implications of eastern enlargement, 661
effects of Community Support Framework on economy of Greece, 611
measuring spillover of innovation effects, 27

F

Fisher effect, Italian interest rates, 149
Forest conservation, tropical, equilibrium analysis of Malaysia, 491

G

Gangs, modeling dynamics of growth, 1
GDP projections, by OECD and IMF, accuracy of, 61
Germany, energy-capital-labor substitution and economic effects of CO_2 abatement, 641
Government interventions, and investment behavior in Korea, 43
Greece
island of Lesvos, meta-analysis of tourist economy, 821
modeling effects of Community Support Framework on economy, 611
wage setting, taxes, and labor demand, 171

I

I(2) analysis, wage setting, taxes, and labor demand in Greece, 171
IMF projections, accuracy of, 61
Import demand, elasticities of, in Japan, 625
Imported energy, energy balance model for Thailand, 219
India
Bombay, residential electricity consumption in, 81
cointegration of agriculture with nonagriculture industries, 533
rural laborers, earnings and consumption analysis, 255
Inflation, Collor Plan in Brazil, 417
Innovation, effects on other sectors, measure for, 27
Interest rate determination, Italian experience, 149
International Monetary Fund (IMF), and World Bank, structural adjustment reforms in Pakistan, 117
International trade model, competition in burley tobacco market, 139
Inverted L-shaped aggregate supply curve, Taiwan data, 197
Investment behavior in Korea, modeling during economic growth, 43
Italy
effect of sectoral shifts on unemployment and wages, 777
interest rate determination, 149

J

Japan, reassessment of long-run elasticities of import demand, 625
Juveniles, modeling dynamics of street gang growth, 1

K

Korea, modeling investment behavior during economic growth, 43

L

Labor demand, wage setting, and taxes, in Greece, 171
Latin America, CGE modeling effects of MERCOSUR, 557
Leontief model, measuring spillover of innovation effects, 27
Linear Expenditure System (LES) model, household consumption of rural laborers in India, 255
Lithuania, CGE modeling use of nuclear-generated power in, 691
Lumber foreign exchange revenue, losses due to tropical forest conservation, in Malaysia, 491

M

Macroeconometric model
  effects of Community Support Framework on economy of Greece, 611
  monetary dynamics, 99
Madagascar, effect of macropolicy reform on incomes of the poor, 753
Markov switching, Taiwan data, 197
Mathematical programming model to simulate competitive electricity market, framework for comparing transmission pricing, 859
MERCOSUR (Southern Common Market), modeling effects of on member and nonmember countries, 557
Meta-analysis, transferability, assessing tourist income multipliers for Greek island, 821
Monetary dynamics, of a macroeconometric model, 99
Multivariate vector autoregression model, cointegration of agriculture and nonagriculture in India, 533
Mundell, Robert
  contributions to economics, 301, 305, 311
  evolution of views on the euro, 311
  views on world currency, 281, 311
Murphy model, monetary dynamics, 99

N

Niger, effect of macropolicy reform on incomes of the poor, 753
Norway, analyzing environmental tax reforms, 719
Nuclear power, CGE modeling, use of in Lithuania, 691
Nuclear weapons sites, U.S., economic dependency on government funds, 801
Numerical simulations, effects of confiscation of financial assets, in Brazil, 417

O

OECD projections, accuracy of, 61
Overlapping generations (OLG) modeling, effects of confiscation of financial assets in Brazil, 417
Over-shooting exchange rates, monetary dynamics of a macroeconometric model, 99

P

Pakistan, three-gap analysis of structural adjustment in, 117
Philippines, CGE model for agrarian policy analysis, 589
Policy research, meta-analysis, assessing tourist income multipliers for Greek island, 821
Poverty, sub-Saharan Africa, effect of macropolicy reform on incomes, 753

R

Recessionary dating, Taiwan data, 197
Rough-set analysis, assessing tourist income multipliers for Greek island, 821

S

Sectoral shifts, effect on unemployment and wages, VECM analysis in Italy, 777
Southeast Asia
  energy balance model for Thailand, 219

environmental benefits measured against income losses, Malaysia tropical forests, 491
Philippines, agrarian policy analysis, 589
Southern Common Market (MERCOSUR), modeling effects of on member and nonmember countries, 557
Strategic trade theory, international burley tobacco market, 139
Structural adjustment policies, effect on macroeconomic performance in Pakistan, 117

T

Taiwan, monetary policy shocks, 197
Thailand, energy balance model, 219
The Gambia, effect of macropolicy reform on incomes of the poor, 753
Three-gap analysis, structural adjustment in Pakistan, 117
Tobin tax, controls on capital flows, 391
Tourist industry, meta-analysis of tourist economy, island in Greece, 821
Trade effects, and welfare effects, of MERCOSUR, 557
Transferability, use of meta-analytic methods for comparative and exploratory policy research, 821

U

Unemployment, effect of sectoral shifts on, in Italy, 777

V

Vector error correction model (VECM), effect of sectoral shifts on unemployment and wages, in Italy, 777

W

Wage pressure, effect of sectoral shifts on unemployment and wages, in Italy, 777
Wage setting, taxes, and labor demand in Greece, 171
World Bank and IMF, structural adjustment reforms in Pakistan, 117
